OUR SUPERINTENDENT

I CONGRATULATE you on the completion of your work at this school.

We all join in wishing you continued success and happiness.

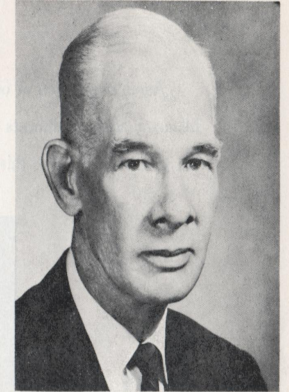

Rustelle

To the Class of 1962:

This school has been good to you. It has been shelter and protection. It has provided food for your bodies and food for your minds. The teachers, houseparents and others have given of their patience, faith, understanding and knowledge. You are the product of all these things.

Now this help must come to an end and you must use what you have acquired to help yourself. It is with Godspeed that I bid you farewell as you begin this new and great adventure.

JAMES R. KIRKLEY,
*Assistant Principal,
Department for the Deaf.*

You Graduates are stepping from a familiar and understanding atmosphere into a highly competitive and materialistic world. We have tried as a school to help you develop confidence in yourselves for such challenges. We pray that you will take the step in confidence and with faith in your God.

WILBER H. FULKER,
*Assistant Principal,
Department for the Blind.*

As an expression of our appreciation for his leadership and in recognition of his many accomplishments at the Colorado School for the Deaf and the Blind, we are pleased to dedicate this issue of *The Columbine* to

Roy M. Stelle

We deeply regret having him leave us but we sincerely wish him well in his new position. We are proud to have shared in his many contributions to our profession and we shall long remember and respect him as a friend.

SALUTATORY

by MARY JO RIGLER

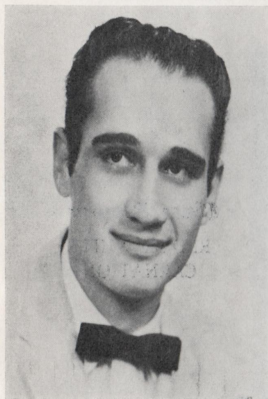

Mr. Stelle and friends, we the Class of 1962 are very happy to welcome you this afternoon. Our graduating exercises would not be complete without your presence and our parting from the school would be sad without your good wishes.

We have reached the end of our school life here and we can truthfully say we have learned a great deal. If we can remember only half of it, we shall be happy.

There is truly a wonderful recompense for study in the feeling of satisfaction for work well done and today we are enjoying a great deal of satisfaction. We know also that the years to come will add greatly to our store of knowledge.

Again, we say we are happy to have you all with us to share our joy on this day. We want to bid each of you a sincere and warm welcome.

Graduates of 1962

Joseph Anthony Chifalo

Joey was born in Trinidad, Colo., on July 5, 1942. He went to the Holy Trinity Public School in Trinidad for several years. He became deaf when he was about six or seven years old.

He came here in 1952, but he did not know how to use sign language. He liked coming here and learning from the teachers. His mother and father passed away 10 years ago while he was in this school. Now he is living with his grandmother and grandfather.

He hopes he can find a good job in Colorado Springs or Denver when he graduates from this school.

He wishes all his schoolmates good luck in the future.

Clinton Eucl Hickman

I was born in Denver in 1941. I started to the Colorado school when I was six. In 1957 I went to Harrison High School, in 1958 to Prairie Bible Institute in Canada and in 1959 to Palmer High School. The next year I returned to this school where I have been ever since.

This last wrestling season I was voted captain of the team. I have wrestled for five years.

Piano tuning has been one of my greatest interests in school here, and when I graduate I plan to go to school in Talladega, Ala., where I hope to get some experience in the repairing of pianos. After this course, I expect to do piano tuning in Colorado Springs.

Kathleen Agnes Maes

I was born in 1944 in Clayton, N. Mex. My father, who was in Australia during the Second World War at the time of my birth, did not see me until I was six months old.

I was enrolled in the Colorado school at the age of six and I have received all my schooling here. English, psychology, foreign languages and music have been my favorite subjects in school.

I am planning to attend Colorado College the next four years on my El Pomar scholarship for which I am very grateful. I want to major in languages and minor in music, and prepare myself to teach or interpret languages.

Louis Padilla

I was born in 1941 in a little town in New Mexico where my grandparents still live. In 1954 I came to the Colorado School for the Deaf and the Blind where I have been for the last eight years.

I have wrestled for seven years, making an over-all record of 87 wins and 20 losses. In the S.W.A.S.B. tournament I have taken two first places and one second place. Twice I have been voted the most valuable athlete of the Blind Department and last year received the honor of being the best wrestler of the S.W.A.S.B. tournament out of seven states.

My plans are to go to college and become a coach in wrestling.

Jeanette Perea

Jeanette became deaf from whooping cough and measles. Her birthplace was Las Vegas, N. Mex. She went to the New Mexico School for the Deaf for about a year. Her family lived in Dilia, N. Mex. After her parents moved to Colorado in 1950, she came to this school. She has been in school almost 13 years. She hopes to get a good job after leaving here.

Mary Jo Rigler

Mary Jo has been a member of our school since 1952. Before coming here, she attended the Ralph Waldo Emerson school in Compton, Calif., for approximately two years.

Her interests are playing volleyball and badminton. She was captain of the volleyball team and treasurer of the Girls' Athletic Association. She was a cheerleader for two years.

She hopes to be an I.B.M. operator and key puncher after attending business school for a year. Wedding bells may ring for her before too long.

Esther Rosen

Esther was born a deaf child in Poland in 1942 during World War II. After the war, her family moved to New York for a while, then later moved to Denver. Esther was in the Evans School for about 8½ years. She couldn't understand very well in Evans, but she tried. She came here to our school in 1956 and enjoyed her lessons and everything.

She hopes that all the girls and boys will be successful and will continue to study hard. She says, "I'll really miss all of you."

Lucille Lewis

Certificate of Attendance

I was born in 1941 in Pocahontas, Ark. My parents decided to move to Rocky Ford, Colo., because of my eye condition.

At the age of nine, I entered public school where I went for four years. In 1956 I enrolled in the Colorado school where I have been for the last six years.

I have been a member of the choir and also made the trip to Tucson, Ariz., where I took part in the Play Day Activities.

I have really enjoyed these six years here at school and shall miss everyone when I leave. I plan to finish my high school education.

VALEDICTORY

by KATHLEEN MAES

Members of the Board, guest speaker, Mr. Stelle, faculty, fellow students, relatives and friends:

This is an important day in the lives of the members of the Class of 1962. Indeed we are happy that you are present to share with us this day. Now we have reached one of life's plateaus and know that such an achievement could not have been attained without your help.

Through the help of the Board of Trustees we have been fortunate to have the facilities necessary for our education. Thank you for carefully and wisely selecting teachers who you knew were best qualified to give us the knowledge to recognize and solve problems correctly.

Mr. Stelle, our superintendent, deserves special gratitude. For he, the executive, bore the burdens and responsibilities of managing the whole school. Everyone is grateful to him. In every department he has altered the methods and plans used, always striving for the betterment of our school. It is a great honor to have known such an inspiring man as Mr. Stelle and a blessing to have been under his supervision and good administration.

Our thanks are also extended to the teachers who so patiently and willingly encouraged us to acquire a store of knowledge. They have inspired us to meet challenges and solve problems.

We have appreciated the guidance and care the house parents have given us. They have made a second home for us, and their understanding has carried us through trying times when without their guidance we might have gone astray.

With our fellow students we have shared many unforgettable experiences. In our memories will linger the happy times we have had together. These friendships we hold near to our hearts.

On this day we are filled with mixed emotions. There is sorrow in our hearts because today is the last time that we are a part of the school we have known and loved.

A sense of pride also fills our hearts. We are proud to be graduating from this fine school of good standards. Hoping that the education we have received here can be put to good use, we are eager to take a step into the world toward making our lives successful. Though this plateau has been reached, we do not stop here. Opportunities for the fruits of life are awaiting us, if only we have the will to work hard and meet the goals we now set for ourselves. All our lives we have been dependent upon our parents and our school for fulfilling our desires. But the chance to contribute in some small way to the success of our country in our generation does not lie far away.

We understand the meaning of our class motto: "Be sure you are right, then go ahead." In making decisions we shall apply these words to our lives.

Certainly, if we have the ability, the desire and the strength to be prosperous, we cannot fail. Our education received in school is a good foundation. Opportunities are bountiful. Each of us will travel the pathway of his choice, knowing that it will be rough at times. Headed in the right direction, we hope to find a life of happiness and success.

The Year in Review . . .

Our school years are always filled to overflowing with busy days and happy events, and 1961-62 has been no exception. It would be impossible to mention all the important things that have happened, but *The Columbine* will attempt in the next few pages to give some of the most outstanding things which may in later years bring back fond memories.

MR. STELLE

Both students and teachers received a terrible shock when they heard of Mr. Stelle's resignation. He has given tirelessly and unstintingly of his time and energy in behalf of the interests and welfare of our school. Through his efforts we have received a steady and gratifying increase of wage scale, our school has become accredited, and we feel that we have grown greatly in athletics, music and scholarship.

Under his executive management our building and remodeling program has brought about the realization of our lovely hospital, and many other welcome improvements.

Mrs. Stelle, with her gracious manner, is a lovely hostess and a friend to everyone who knows her.

Mr. Stelle, we shall miss you and your family more than words can express, but we congratulate you on your new position and wish all of you the very best of success and happiness.

Ernest Lovelady (left), governor of Lions District of south-eastern Colorado, delivers the good news to "Les Charmettes," the girls' musical trio of Beverly Davis, Kathleen Maes and Mary Ann Jersin, that they have been selected to represent Colorado at the Lions Clubs' international convention in Nice, France, in June. Ida Hutchison (third from left), accompanist, and Allen Uhles (right), director of instrumental music, will accompany the trio on the trip.

MUSIC DEPARTMENT

A complete record of the activities in the music department during this year would fill many pages of this book, for there was a multitude of musical events and related happenings, and greater participation by more students than ever before in the history of the school. Senior and junior choirs, as well as other vocal and instrumental ensembles, joined the orchestra in many of the concerts they were invited to give throughout the area. The long list of requests for concerts and the enthusiasm with which they were received certainly seem to speak well for the quality and musicianship of their performances.

We are always pleased when the pupils in the department for the deaf and that of the blind are able to participate in activities that express the talents of both groups of young people. The Christmas program was one of these happy occasions. Dickens' *Christmas Carol*, arranged as a musical play, was sung by the choirs of blind youngsters. The realistic acting of the deaf pupils with Mr. Galluzzo as their coach helped bring the real meaning of Christmas closer to all of us.

Something new was added this year in the introduction of interscholastic music festivals with Utah, Arizona and New Mexico schools. These were held in conjunction with the "Playday Activities" of the physical education departments. This was a fulfillment of a dream of Mrs. Gardner's, who for years has felt that such events could be mutually beneficial to all participants.

During the spring semester four piano students of Mrs. Gardner and Mrs. Hutchison learned the *Rhapsody in Blue*, by George Gershwin. These four, Kathie Maes, Mary Ann Jersin, Bev Davis and Bill Tedrick, gave that powerful number, arranged as it was for two pianos, a brilliant performance.

The 160 Lions Clubs of Colorado are joining efforts to send the girls' musical trio, "Les Charmettes"—Kathleen Maes, Mary Ann Jersin and Beverly Davis—to Nice, France, in June. Allen Uhles, director of instrumental music, and Ida Hutchison, piano instructor and chorus director, will accompany the trio on the trip.

Sparked by arrangements made by Ernest Lovelady, governor of Lions International District of Southeastern Colorado, the three blind students will sing before 40,000 Lion members assembled there for an International convention.

To raise a portion of the funds necessary for the trip expenses, the four Lions Clubs of Colorado Springs presented the trio in a musical program, "Visions in Sound," May 7 and 8.

The variety program included costume numbers by the school orchestra and chorus, tumbling acts, popular music solos and ensembles, and a spectacular ballet number by students from the Deaf Department. Featured entertainers were Ronnie Olson, last year's graduate and the popular disk jockey at Brighton, Colo., radio station KBRN, and Bob Taylor, also a graduate last year, Leadville KBRR announcer.

PRIMARY DEPARTMENT FOR THE DEAF

The Primary Deaf Department was considerably larger this year. It had a total enrollment of 62 pupils. The school year went by rapidly due to the many interesting activities provided for the pupils.

Of particular interest were the assembly programs put on by the children. The audience enjoyed them very much but the performers enjoyed them the most. It was time well spent.

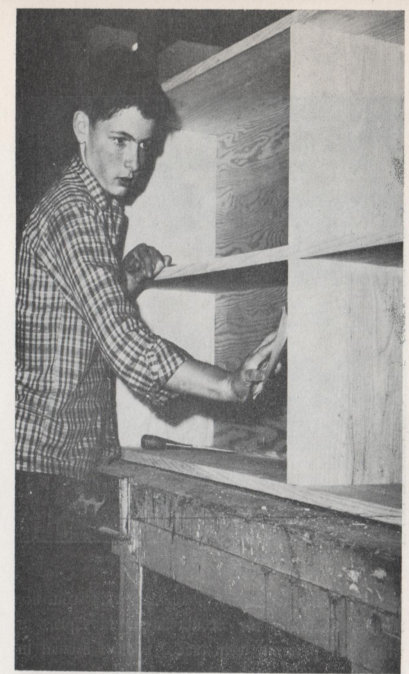

A picture album was started this year. It contains pictures of all of the children of this department at parties, at the assemblies and engaged in various activities. It will be useful as a teaching device as well as providing a valuable record of past activities.

Social study trips for the three primary grades proved very worthwhile. The classes have gone to the post office, a newspaper plant, a fire station, a super market and a dairy farm. The children have been very well received at all places and an official guide provided at each place. These experiences were integrated into the classroom instruction.

Preparation plans for a new arithmetic and reading program have been worked upon during the year. Starting next September this department will use the Lexington arithmetic curriculum, which includes Stern's Structural Arithmetic Materials. The Science Research Associate's reading materials will be added to the reading program.

OPEN HOUSE—GYM SHOW

This year a new number was presented at our Open House program, with the deaf girls staging a fashion show. They modeled dresses which they had made under the able guidance of their sewing instructor, Mrs. Caroline Dudley. A large enthusi-

astic crowd turned out for the event, which was appreciated by everyone.

Our gym show was held at an early date, and for once we were spared the snow storm which usually accompanies it. This year's show included several unusual numbers, and closed with a very impressive tableau depicting the raising of the American flag at Iwo Jima.

DEAF BOY SCOUTS

We had a very good enrollment of 28 boys in September and the number has dropped only a little to 24. All the boys like scouting when it comes to camping and other fun, but not all like the work involved to advance in rank. Still, at our Court of Honor in January, 17 boys had done their work and won advancement as follows:

Star—Von Feldt; First Class—Calderone, Reitz, Chifalo, Martindale, Martinez, Sheneman, Cooper; Second Class—Jones, Sain, Chapman, Faircourt, Shlyter, Shaw, Gonzales, Ankeny.

We have enjoyed three weekend campouts, and when we go camping, we really rough it with tents, ground beds, campfire cooking and often freezing cold.

Cindy Solano and Peggy Willardson.

We proudly took part in all area-wide scout activities, including the Scout Circus in April, in which our pyramid team placed a close second in competition with some 50 other troops.

May 4-6 we pitched camp at the Palmer District Camporee at the Air Force Academy. We had an interesting time and learned some new things.

On May 18 the final Court of Honor was held, at which the rank of Life Scout was awarded to Les Cotton.

SPORTS

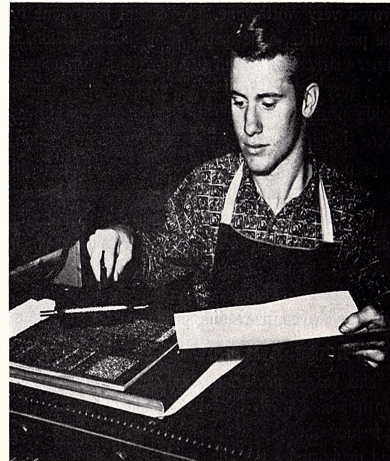

This year has been full of sportsmen . . . Cotton, Grimaldo, Hickman, Jones, Kopcho, Padilla, Sain, to name just a few . . . without whom it would have been a dull year indeed! And yet, as is always the story in any sport, each member of each team contributed to our successes.

The football season came and went all too quickly, but it had some exciting moments. Do you remember that game with Wasson early in the season when Bill Clifton passed to Larry Murray, who then went for our only touchdown of that game? Or the fantastic 85-yard run of Sammy Sain from kickoff for one of the four td's in the game with St. Mary's? Between Murray and Sain (with a stolen pass by Jerry Jones together with his usual tackling ability) we won that one!

Suddenly, it seemed, basketball season was here . . . and with it we saw a Varsity five that was often

a joy to watch, and just as often a headache to coach Mark Wait. Remember our opening game against Wasson that we lost by a heart-breaking one point? And the excitement of seeing the Bulldogs win the next against Palmer, sparked by the performances of Sain and Jones? One of the best games for watching was played against Widefield just before Christmas . . . remember the pass-stealing of Les Cotton and Sammy Sain, and their consistent scoring? (Sammy left in the middle of this season for Idaho, and we truly missed him.) We went to New Mexico, and Utah came here, but what is recalled most vividly about these—and all the games—is not the final scores, but the strong defensive playing and good sportsmanship displayed by the team.

The Bulldog blind wrestlers finished a good year with 11 wins and seven losses . . . not quite as good as last year, yet filled with memorable matches. Our two seniors, Louis Padilla and Clint Hickman, had a fine season this year, with Louis almost matching his last year's performance. Bill Taylor amassed the most points of the season with a sparkling 67. One of the most exciting boys to watch was Larry Kopcho, who finished the season with 49 points and no defeats, even though he was unable to join the team until January. Larry won first place in the 103-pound class at the Southwest Association matches held this year in New Mexico, defeating boys from New Mexico and Texas; we look forward to watch-

PRINTING—Kenneth Schiel.

ing him again next year! Also placing in the New Mexico matches were Delfie Archibeque with a second place, and Bill Taylor, Argus Jarman and Randy Huffman with third places.

Coach Mark Wait's hopes for an improved track field melted away with the Spring snows, and a diminutive team of 12 boys rallied around him to do their best. Despite the improvised track, the weed-covered field for shot-put and discus, and the freshly-spaded broad jump pit, our team demonstrated determination in the season's meets.

You will also remember that the determination and perseverance paid off in Iowa! At the second annual Midwest Deaf Relays our small squad turned in performances that earned congratulations from the eight competing teams. Weightman Les Cotton, who had broken the school record only a week earlier by throwing the discus 105 feet, sent the discus out 110 feet in Iowa to break his own record and earn third place. Barry Martindale, only an hour earlier having sparked the two-mile relay, won third place in the 880-yard run. Harley Lee, ineligible because of age, paced Billy Grimaldo through most of the grueling one mile run, so that Billy came in first, well ahead of all competitors. Another upset came when we won the two-mile relay. Jerry Jones started off, handing the baton to Martindale who seemed to fly past the two men ahead of him. Now leading

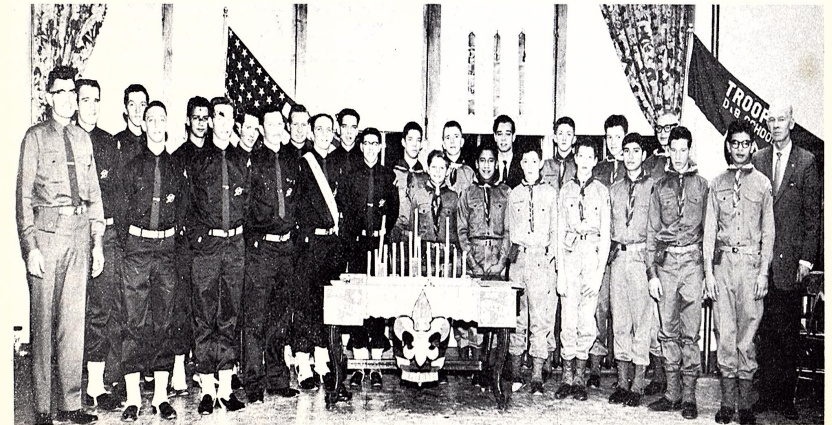

the runners, Barry handed off to Justo Ortega who, still leading, sent anchor-man Dave off for the last 880 yards. Dave breezed across the finish line to give us our much-coveted first place.

Again this year, coach Ron Teubner took his best track squad to the Southwest Association of Schools for the Blind relays in Austin, Tex. Performances that seemed good here, however, contrasted poorly to the records set by Arkansas, Texas and New Mexico. New national records for the blind were set by Arkansas (75-yard dash) and Texas (hop-step-jump, shot-put) while the boys from Colorado managed to take a fourth place in the shot-put and standing high jump. Louis Padilla took fourth in the shot-put with a heave of 32' 3/8", and Fisher tied for fourth in the high jump with a leap of 4' 8".

ATHLETIC ACTIVITIES BANQUET

Janice Harris and Clint Hickman opened the banquet with the traditional prayer of thanks, then the assembled athletes, teachers and guests ate an elegantly prepared dinner with filet mignon as the entree. After dinner, Master of Ceremonies George Culbertson introduced our guest speaker, Mr. Gib Funk, who is director of athletics at Wasson High School. Mr. Funk talked about overcoming personal weaknesses through sports competition as a basis for mature living in adult life. Awards, both team and

personal, were then presented by the coaches and Mr. Roy Stelle, with the evening finishing gayly in the gym as the Junior-Senior Prom was held in a "Blue Hawaii" theme.

Football awards were given by Mr. Culbertson to 16 boys, with this motto: "Playing the game is what counts." Mrs. Ruby Smith gave G.A.A. awards and sweaters to our outstanding girl athletes. Mr. Ron Teubner, named "The Bulldog Coach" by the M.C., gave wrestling awards and track awards for the blind teams, with special honors being given to Larry Kopcho. Mr. Mark Wait, aptly called "The Patient and Persistent Coach," gave basketball and track awards for the deaf teams.

The highlight of the festivities came with Mr. Stelle's presentation of the personal awards. The outstanding back in football was Sammy Sain, with outstanding lineman being Jerry Jones. In wrestling, personal awards were given to Louis Padilla and Bill Taylor for the most pins. Basketball's "most

valuable player" for the year was Jerry Jones, and Les Cotton received an award for the most free throws. Janice Martinez was named as outstanding blind girl, and Jeanette Perea as outstanding deaf girl. Louis Padilla was awarded the title of outstanding blind boy. Finally Mr. Stelle gave the outstanding deaf boy award to Jerry Jones.

ACADEMIC WORK

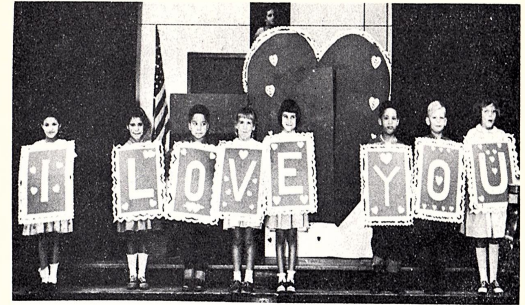

A residential school such as ours must serve many purposes. Numerous activities and various areas of growth are constantly encouraged and developed. However, as a school we naturally strive to excel in academic subjects. Evidence of the quality of this work can be shown in a number of ways. Particularly indicative is the fact that we are now accredited by the State Department of Education.

In the Department for the Blind standards are being raised year by year, and the students by their fine efforts are meeting the challenge boldly.

The top class in the Department for the Deaf is setting a precedent which may long serve as a goal for younger classes. Still, it is hoped that higher levels of achievement may result in both departments and our efforts are ever aimed in this direction.

In retrospect we take pride in our accomplishments and this gives us fresh courage for the challenges of the future. So as the curtain once more comes down, we wish you well, until we meet again.
